

Work Pain Prevention Exercises 101

Peter Halstead, Physiotherapist, *MPhy, PGDipSportMed, BSpEx* www.peterhphysio.nz

The stretches above are designed to prevent discomfort in those who sit a lot

For every 30 minutes you sit, try a couple of the stretches above

For every 2 hours you sit, walk for 5 minutes

Use a cushion, towel, or lumbar roll to make yourself more comfortable

MOVE, MOVE, MOVE!
